

The following is the allowance for extra gasoline and propane tanks on RV/travel trailers.

Extra gasoline may be carried but the quantity is limited to 25 litres and must be in CSA approved containers. Containers must be properly secured in the vehicle.

RVs and travel trailers are permitted a maximum of two cylinders of not more than 25 kg each (55L water capacity each), provided they are connected to a regulator, and secured in or on the vehicle. Recreational vehicles may carry a third cylinder no larger than 15 kg (30L water capacity) for BBQ needs.

25 Kg tank (Maximum for RV/Trailer)

Standard propane tank for BBQ (15 Kg)
